

## Discover

Residents enjoyed their session of Magical Memories –which is a walk down memory lane. With topics of their childhood, leisure, household, family and special occasions. Reminiscence is one of the most rewarding gifts that our residents can share with us.

One of the questions was ‘what instrument you learnt to play?’

We had two men revealed that they played the mouth organ, and with lots of encouragement both brought their instruments back to the Activity Lounge and we had an impromptu duet. So much laughter and tears as the memories flooded in.

We celebrated Valentine’s Day with Foot spas for residents last month on February 14<sup>th</sup> and enjoyed a Time Of Reflection service with Paul. Remembering Residents that have passed away in the last two months- Residents had a chance to reflect how that person touched their lives, sharing stories.

# Residents in Focus

## Glyne Seale

Glyne was born and raised in Barbados in the West Indies. Glyne's father was a farmer, and his mother was a housewife. He fondly remembers spending his childhood on the farm. Glyne moved to Perth on 17 September 1987. He has two sisters, and both of them are currently living in the United States.

Glyne married his wife Rosemary in Barbados, in 1972. He has two sons and two grandchildren – a grandson and granddaughter.

During his life, he worked in growing and harvesting sugarcane, and eventually managed an entire company that produced sugar.

Glyne enjoys listening to music, as he has his own CD player and has a collection of CD's in his room. Being an avid cricket fan, he played cricket for the Leeward Cricket Club in the past and also enjoys watching the matches on TV.

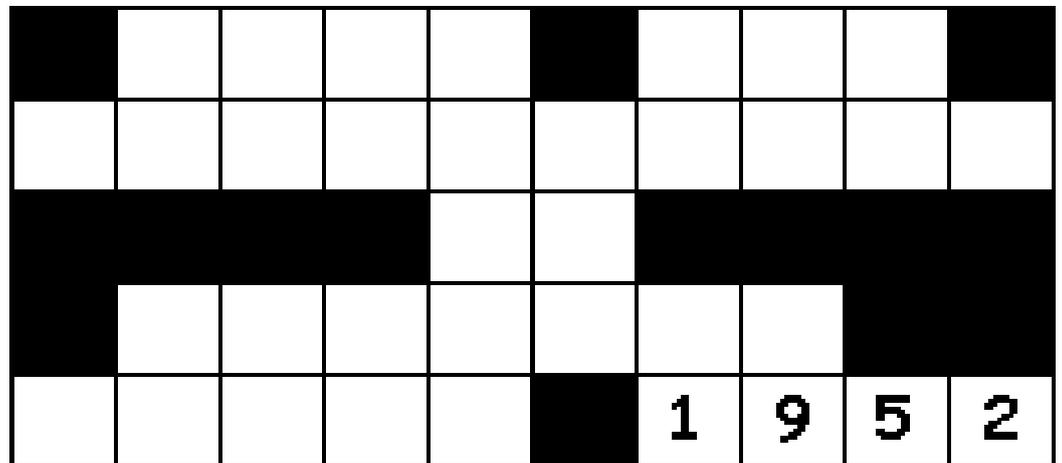

Glyne attends group activities such as happy hour and news discussions. He is also always working on his mobility and enjoys taking short walks.

### Puzzle:

Use the letters below too unscramble the 'secret' phrase.

Hint: It has something to do with Braemar!

R A E C N A D

## A multi-coloured promise

*The rainbow shall be in the cloud and I will look on it to remember the everlasting covenant that is on the earth between God and every living creature of all flesh that is on the earth. (Genesis 9:16)*

Most of our residents enjoy a quiz. A common question is, How many colours are in the rainbow and what are they? If you were bought with acronyms such as “Richard Of York Gained Battles In Vain” the answer comes fairly quickly to mind.

We are all familiar with the beautiful multi-coloured ark in the sky. Sadly there is no gold at the bottom or Judy Garland for that matter, but never the less there is a Promise exclaimed. Following the Flood Noah was told by God that there would never be a flood again to destroy the earth (Genesis 9:11) “The rainbow shall be in the cloud and I will look on it to remember the everlasting covenant that is on the earth between God and every living creature of all flesh that is on the earth.” (16) In these days of rapidly changing weather conditions it is good to know God has not forgotten His people and when we see the rainbow we remember the promises of God. Let us remember the most important of promises:

*For God so loved the world that He have His only begotten Son that whosoever believes in Him should not perish but have everlasting life (John 3:16 .)*

## Team Member Profile

### Renee Reid – General Manager Workforce
