Braemar vaccinations achieve record numbers:

In an effort to ensure wellness across the Braemar facilities, free vaccinations were open to all staff, volunteers and families of residents, as well as friends who visit Braemar's facilities.

Three events have been hosted during May, where recipients of the flu vaccination were treated to free barista coffee, ice creams and crêpes made by Braemar's CEO (and honorary Patissier) Wayne Belcher (pictured).

Braemar's GM Workforce Renee Reid, who oversees the vaccination program, said the response from the staff and public was overwhelming; with record numbers being vaccinated at the three events. "We were delighted with the turnout. We've only just completed the first round of vaccinations and already have seen more people attend than during the entire program last year."

More events will be hosted in July. Look out for details soon.

We will also be the number one fan club for the Socceroos in Russia for the World Cup 2018. And on 11 June we are hosting maritime author Chris Frame to speak about the Evolution of the Passenger Ship. Families and friends are welcome!

Recent news:

This May we had an engaging and busy month.

The main event was a whole week to celebrate Mother's Day.

We had our community visitors, the Little People Day Care Centre, who brought us flowers and sang us songs.

The facility enjoyed a high tea with a live pianist playing in the background. We had moments reminiscing followed by the Mother's favourite accessories exhibition.

Finally, a photoshoot for the wonderful mums in our facility. We really enjoyed this time. There was plenty of fun activities to keep residents occupied.

Surveys:

During June we plan to undertake our yearly Resident Feedback Survey. Letters will be forwarded to you soon outlining the dates. Students from Melville will be on site at the facilities on the day of the survey to assist residents in completing the survey, if this is required. The survey will aim to capture some information about you in relation to:

- General details such as age and gender
- About you and what is important to you
- Management and staffing
- Life in the Facility and meals
