Winter Wonderland:

July calls for a good Winter Waltz. This year we'll be calling it Winter Wonderland.

The Activity Lounge will be decorated beautifully with ribbons and pom poms, fitting to the theme.

Residents will be encouraged to dress up and put on their dancing shoes. There will be prizes for best dressed!

We'll have **Adam Penn** entertaining us with music and dance and we'll have some delicious **afternoon tea** served by Cater Care.

Please come and join in on our Winter Wonderland fun and dance.

Recent Village Highlights:

A bit of healthy competition: Residents are preparing and practicing for a very important Bocce competition with residents from Braemar House.

On the 17th of July at 2 pm residents from the Village will host a Bocce game for the residents from the House.

There will be prizes for the winning team and with a few very competitive residents this is sure to be one very fun game!

After the game all of the residents will come together for afternoon tea where the residents can interact and talk with each other over a good cup of tea.

Please come along and partake in our Bocce ball competition or just to support your team.

Latest News:

We kicked off the month of June with a lovely **Wine and Cheese Afternoon**. Residents enjoyed both a cheese and fruit platter with some choices of different wines while being entertained by **Ray Martin**. Residents sang along and had a great time.

Residents also particularly enjoyed **Happy Hour with Adam Penn** as they got to sing along to all the songs they know and got to have a little dance. Residents say he interacts with them really well, and knows how to put on a show.

Another big highlight last month was the **baby chicks** that the residents, family, visitors and staff got to see hatch and grow for a couple of weeks at the start of June. It brought up so many wonderful memories for everyone and got everyone reminiscing on when they had chickens growing up.

We all got to see the baby chicks hatch and there was a lot of speculation of which egg would hatch first. We were able to check up on them every day, which some residents looked forward to doing. Everyone in the facility surely enjoyed having the chicks here.
